SUCCESS CRITERIA

Click on the link to find 41 virtual lessons on Jekyll and Hyde. Each lesson lasts approximately 20 minutes. Use a linear approach i.e lesson 1 first and so on.

Your task:

Each video has a checkpoint with very explicit questions. The answers to the questions will be found within the video. Therefore you must watch the video in order to understand what the question is asking.

Spend **time** creating a **mind map/bullet point list** of your initial ideas as you watch the video. This means when you reach the checkpoint questions you will have the information required already noted down.

MINIMUM EXPECTATIONS

Your task:

At the end of the 41 lessons you should have a comprehensive knowledge of the text.

Spend **some time** creating a **portfolio** of your answered questions and any notes you have taken. Remember although it is Jekyll and Hyde based many of the skills needed to answer the checkpoint questions can be transferred across Language Paper 1 and both Literature Papers.

Your aim is to have a revision booklet that you can refer to in Year 11. Organise your portfolio into sections relating to the chapters/lessons. Each section to contain a summary of the lesson followed by the answers to your questions.

Good Luck and have a wonderful summer break.
