KEY HIGHLIGHTS

FINAL MERIT SHOP FOR THE YEAR

Our learners absolutely loved this year's new merit shop. Please give us some feedback on how to make merit shop bigger and better next year.

UK MATHS CHALLENGE

The Maths Department supported learners through the UK Maths challenge. It's always great to see learners unlock their academic potential. WELL DONE to all learners who took part.

THOMAS DUDLEY VISIT

Over the past month, all Year 7 learners were offered the opportunity to visit Thomas Dudley Ltd; a local working foundry. Learners had a tour of the foundry and saw a range of job roles in action from administration, foundry work and IT roles to sales and logistics.

CAREERS FAIR

Our annual Careers Fair was bigger than ever this year with all of Year 7 to 10 getting the opportunity to talk face to face with industry experts and post-16 providers about their possible next steps, particularly useful for Year 10 who are soon to make their college applications and Year 9 who are currently going through our guided choices process. With over 25 providers attending, there really was something there for all learners to consider for their future!

STEM CLUB

The most exciting club currently running with Mr D and Miss R has to be our SJA STEM CLUB! This creative space allows learners to embrace their innovative side. It is also an excellent opportunity to work with other learners from other year groups!

POETRY BY HEART FINALIST & MORE
